* Does not include not stated responses

Over a third of the LGA's population is aged between 25 and 49 years. Within some communities this percentage is significantly higher. For example, for people born in Vietnam over 60% of the population is in this age cohort and for those born in India the figure is 44%. 19% of the population is aged 60 years or over. The corresponding figure for the region as a whole is 16%. 43% of people born in Italy, 39% of people born in Germany and 38% of those born in Holland are aged 60 years or over.
